1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Duke Energy, not by choice but because this company has the monopoly of service in my area. I am also on a fixed income, as a recipient of Social Security. As such, I have NOT received an increase in my Social Security compensation for the last two years, in spite of the fact that the cost of living has increased. I believe it is criminal for Duke Energy to request an increase of 17% on the cost of electricity, especially in consideration that Duke Energy has declared a net quarterly profit of \$400 MILLIONS! Providing life giving electricity to the residents of this area is a public service, and should not be used as a means to extort more money from people like me, on a fixed income, bordering to poverty lines. If the Public Service Commission grants this increase, they can consider themselves as accomplish in a criminal act!

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? * (This section should be completed.)

On the day of the hearing (Oct. 19 6p.m.) I will be at the Medical University of South Carolina in Charleston for a surgical procedure, therefore unable to attend in person, but I hope this document is going to be sufficient to represent my outrage!
